

GALWAY HISTORIC TOWNS ARCHITECTURAL INVENTORY

Galway County Council commissioned CAP in a ground breaking appraisal of six historic towns for designation as Architectural Conservation Areas (ACAs) and to recommend buildings for inclusion in the Irish Record of Protected Structures. Objectives also included advancing popular awareness of and participation in architectural heritage conservation, giving guidance on practical conservation measures and integrating policies with planned development, economic regeneration, urban design and other elements of Local Development Plans.

The output documents provide a comprehensive framework for townscape management, support conservation skills, and ensure the contribution of old buildings to the character of the area.
